

Small Group Exercises

Craig Robbins, MD, MPH

care

Small Group Exercise: Morning

- Taking into consideration your role in your institution, discuss the following questions:
 - Would IT make your guideline development work more efficient, transparent & rigorous?
 - What specific tasks in your guideline development processes would benefit from using IT?
 - What are the specific barriers to using IT to develop guidelines in your institutions?

Small Group Exercise: Afternoon

- Taking into consideration your role in your institution, discuss the following questions:
 - What do you think about the pros and cons of using IT to make your guideline implementation processes more effective?
 - What specific tasks in your implementation processes would benefit from using IT?
 - How would you make guideline implementation in your institution more successful?
