

South African Guideline Matters Summit

23 - 24 February 2016

Cape Town

Purpose: to facilitate dialogue between stakeholders involved in guideline activities including development, implementation and use, and research in South Africa and explore future guideline initiatives

Objectives:

1. To provide a platform for dialogue between role players
2. To facilitate sharing of current guideline activities
3. To provide an opportunity for networking of role players
4. To explore perspectives on a national guidelines initiative
